PART II—Section 3

PUBLISHED BY AUTHORITY

No. 53] NEW DELHI, MONDAY, FEBRUARY 14, 1955

MINISTRY OF COMMERCE AND INDUSTRY

NOTIFICATION

Bombay, the 12th February 1955

S.R.O. 385.—In exercise of the powers conferred on me by clause 22 of the Cotton Textiles (Control) Order, 1948, I hereby direct that the following further amendment shall be made in the Textile Commissioner's Notification No. 80-Tex.1/48 (iii), dated the 2nd August 1948, namely:—

In the said notification after paragraph 5 the following paragraph shall be inserted, namely:—

“(5A) Each piece of cloth shall be stamped with the average count of yarn contained in the cloth.

Explanation I.—The term “average count” for the purpose of this paragraph shall mean the average count of warp and weft used in the cloth which shall be determined in accordance with the following formula:—

$$\text{Average count} = \frac{(\text{count of warp} \times \text{the number of ends in the reed}) + (\text{count of weft} \times \text{number of picks per inch})}{(\text{number of ends in the reed} + \text{number of picks per inch})}$$

Explanation II.—For multiple fold yarn the count of the basic single yarn shall be taken and the reed or the picks multiplied by the number of piles in the yarn. Count in the case of all yarn shall mean the grey count of yarn.

Explanation III.—Yarn used in the borders or selvages may be ignored.”

M. R. KAZIMI, Textile Commissioner.

[No. TC(3)29/48.]

A. K. CHAKRAVERTI, Under Secy.
